Why Attend

Course Introduction

This Bootcamp for Project Management Professionals training course is designed for participants to get the knowledge required to be more effective in their role and to be able to continually deliver successful projects in their organization. Leading projects can be a hard and stressful job; and hence this Project Management Bootcamp training course will try to remove the stress and show participants how to successfully deliver any projects.

It will focus on understanding how to approach projects, the value project management has in delivering successful projects, how to deal with customer issues and project delivery, project selection, planning, estimating, scheduling, and delivering customer satisfaction.

This training course will feature:

- Apply and practice project management in a fun, practical and team orientated environment
- Practice the principles of multi-project management & understand the challenges of managing large complex project and how to overcome them
- Collect hands on experience of creating elements of the project plan, project risks and metrics
- Identify how to implement selected or all project management tools and methods for immediate use
- Define what it takes to deliver a project to customer satisfaction and sponsor alignment

Course Methodology

This Project Management Bootcamp training course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. The Project Management Bootcamp training course is highly interactive and is designed with workshop and practical exercises centered on a project case study. Students will complete several elements of project work through assigned roles in a team environment. There will be open discussion and real world examples with the emphasis on learning by doing.

Who should Attend?

Course content

Course Methodology

This Project Management Bootcamp training course is suitable to a wide range of professionals but will greatly benefit:

- Those who currently work on projects or programs of work, or are occasionally assigned to work as project team members in any business work areas
