Course content

Why Attend

Why Attend Organizations must continuously adapt to market shifts, competitive pressures, technological disruption, and changing customer expectations. Success depends on building strong strategies and managing change effectively. This course provides participants with practical tools to develop business strategies, translate plans into action, lead transformation initiatives, manage resistance, and evaluate results in dynamic environments.

Course Methodology This course uses an interactive and practical approach through presentations, case studies, workshops, group discussions, strategy exercises, change simulations, and real workplace examples.

Course Objectives

- Understand modern business strategy concepts and frameworks
- Apply strategic analysis tools to evaluate markets and organizations
- Translate strategy into execution plans with measurable outcomes
- Use proven change management models effectively
- Manage resistance and improve stakeholder buy-in
- Strengthen leadership skills during transformation
- Measure strategic and change performance
- Use data and digital tools for better decision-making

Target Audience

- Managers and Executives
- Strategy Professionals
- Project Managers
- Change Management Leaders

Course content

Target Audience

- Department Heads
- Business Owners
- Anyone responsible for planning and transformation initiatives

Target Competencies

- Strategic Thinking
