Course content

Why Attend

Strong brands are one of the most valuable assets for any organization, driving customer loyalty, market differentiation, and long-term profitability. The Certified Brand Manager (CBM) course is designed to equip professionals with the strategic and practical skills needed to build, manage, and grow powerful brands. Participants will learn how to develop brand strategies, manage brand identity, position products and services effectively, and measure brand performance in competitive markets. This course also prepares participants for CBM certification while strengthening real-world branding capabilities.

Course Methodology

This course combines strategic marketing theory with practical branding applications. Participants will engage in case studies of global brands, interactive workshops, and brand development exercises. Activities will include brand positioning analysis, customer segmentation, storytelling development, and brand equity measurement. Real-world examples from corporate, B2B, and consumer markets will be used to enhance applied learning.

Course Objectives

By the end of this course, participants will be able to:

- Understand core principles of brand management and brand equity
- Develop effective brand positioning and differentiation strategies
- Create and manage brand identity and messaging systems
- Analyze target markets and customer behavior
- Build and sustain strong brand equity over time
- Apply digital branding and social media strategies
- Measure brand performance and market impact
- Prepare for Certified Brand Manager (CBM) certification
