# Course content

## Why Attend

With all FIDIC contracts there will be claims. This training course is designed to provide practical assistance to those working with the FIDIC Contract Conditions (1999 and 2017 Editions) in the management of claims and achieving resolution to claims, and in particular the workings of the Dispute Adjudication Board.

Throughout the course there are interactive discussions, case studies, videos, and stimulating question and answer sessions.

By the end of the course, participants will be able to:

• Understand the claim and dispute resolution procedures under FIDIC Conditions of Contract

• Recognize practical issues encountered on projects as to claims and disputes, and how to address those

• Summarize recent FIDIC case law and other authorities as to claims and dispute matters

• Apply practical/hands-on feedback and insights from an experienced FIDIC practitioner and a claims consultant

• Demonstrate the necessary knowledge, advice and insights in order to navigate through the FIDIC claim and dispute provisions on their projects

This course provides the necessary knowledge for professionals from Government Ministries and Agencies, Private Sector Employers, Consulting Engineers, Contractors, Construction Managers, Quantity Surveyors, Architects, Legal Advisers, Funding Agencies, Insurers, and all others involved with FIDIC Contracts.

• Contract Administration

• Claim Management

• Dispute Resolution

• FIDIC Contracts

• FIDIC Claims

## Course outline

# Course content

## Course outline
