Why Attend

Hiring the right talent is a strategic driver of organizational success. Poor hiring decisions can lead to low performance, high turnover, and increased operational costs. Modern recruitment is no longer just about filling vacancies—it is about strategically attracting, assessing, and selecting individuals who contribute to long-term business goals.

This programme is designed to equip HR professionals and hiring managers with advanced recruitment and selection skills. It focuses on building structured, fair, and effective hiring processes that improve candidate quality and strengthen organizational capability.

Participants will learn how to move beyond traditional interviewing techniques toward competency-based, evidence-driven selection methods.

Course Methodology

This programme combines practical recruitment expertise with real-world application:

- Real recruitment and selection case studies
- Hands-on CV screening and candidate evaluation exercises
- Interview simulation and role-play activities
- Competency-based interviewing practice
- Structured hiring framework tools and templates

Course Objectives

By the end of this programme, participants will be able to:

- Develop strategic recruitment and selection processes
- Define job requirements and ideal candidate profiles
- Apply effective sourcing and attraction strategies
- Conduct structured and competency-based interviews
