Course content

Why Attend

Why Attend Organizations increasingly recognize the value of coaching and mentoring as powerful tools for improving performance, developing talent, and supporting career growth. This course provides participants with practical coaching and mentoring techniques that enhance employee development, strengthen communication skills, and create a supportive environment for continuous learning and organizational success.

Course Methodology The course adopts an interactive and practical approach using presentations, role plays, group discussions, coaching and mentoring simulations, self-assessments, practical exercises, case studies, and workplace scenarios.

Course Objectives By the end of this course, participants will be able to:

- Understand the principles and practices of coaching and mentoring
- Differentiate between coaching, mentoring, and counselling approaches
- Apply communication techniques that support learning and development
- Conduct effective coaching and mentoring sessions
- Support career planning and employee development initiatives
- Manage workplace challenges through coaching techniques
- Develop practical action plans to improve organizational performance

Target Audience

- HR professionals
- Managers and supervisors
- Team leaders
- Learning and development specialists
- Coaches and mentors
- Talent management professionals

Course content

Target Audience

- Professionals responsible for employee development initiatives
