Course content

Why Attend

This course provides an overview of tour guiding techniques and ethical considerations involved in group guiding. Firstly, it covers the skills required for successful site interpretation and group interaction. Secondly, it sheds light on the various technics applied in group management in different contexts. Thirdly, it focuses on the importance of oral communication in the tour-guiding business. Lastly, it examines the ethical responsibilities of tour guides such as respecting cultural and environmental sensitivity.

This interactive course combines different learning approaches, including presentations, video analysis, case studies, discussions, and group exercises.

By the end of the course, participants will be able to:

• Define the role and responsibilities of tour guides in the tourism industry

• Develop interpretation skills to provide engaging and informative tours

• Manage group dynamics and facilitate group interactions

• Develop practical communication skills to convey information clearly to groups

• Recognize and address ethical considerations related to tour guiding, including cultural and environmental sensitivity

Tour guiding and tour escorting companies, local guides bodies, and tour leaders professionals.

• Tour-guiding

• Interpreting patterns and behaviors

• Communication skills

• Maintaining a positive mental attitude

• Ethical behaviors
